Binding

Volumes for binding should not be sent to the publishers but direct to the binders, Blissett Bookbinders. The charge is £31.25 per volume, which includes the cost of packing and return postage (UK only, but excluding the Highlands and Islands). For volumes sent by overseas customers, and those in the UK Highlands and Islands, please do not send money with your order. The full cost of binding and postage will be advised by the binders prior to commencement of binding. The binding will be in the same style as in previous years, with the volume number blocked in Arabic numerals; earlier volumes can also be bound at this rate. Please complete the form on the inside back cover and send it with all the parts and the correct money to:

Index to Volume 109

Compiled by Peter R. Kennerley

Entries are in single list with reference to:

- (1) every significant mention of each species, not only in titles, but also within the text of papers, notes and letters, including all those appearing in such lists as the 'Report on rare birds in Great Britain in 2015' but excluding those in 'Recent reports', requests and reviews. In general, races are included in the index only if they are specified in the title of a paper or note, or dealt with in detail in the text, or in a photograph caption, or included as a main entry in the Rarities Report;
- (2) scientific nomenclature under generic name only and following *The 'British Birds' List of Birds of the Western Palearctic* (see www.britishbirds.co.uk/birding-resources/the-british-birds-list);
- (3) authors of all papers, notes, reviews and letters, and photographers; papers and notes are referred to by their titles, other contributions as 'letter on', 'review of', etc.;
- (4) a few subject headings, e.g. 'Breeding', 'Conservation research news', 'Editorial', 'Field characters', 'Food and feeding behaviour', 'News and comment', 'Rarities Committee', 'Recent reports', and 'Voice';
- (5) 'Reviews', which are listed together in alphabetical order of authors reviewed.
